**Mission: To grow a community of leaders that promotes the well-being and mental health of all Ohio students.**

## Why Participate?

Participants will not only benefit from a support network of educators but will individually receive:

- Free access to Kognito simulations for all faculty, staff, and students in your school/district

- Community spotlight in the OSPF newsletter and on the Ohio Kognito landing page
- Program Certificate signed by the Executive Director of the Ohio Suicide Prevention Foundation (OSPF)

## Program Overview

Join us in building an online professional learning community focused around implementing the Kognito programs. Through three 1-hour “Lunch and Learn” meetings between February and April participants will actively engage in ongoing discussions and be joined by guest speakers with proven success stories.

Participants will:

- Better understand and communicate the full value proposition of the simulations being offered and what it does for you, your school/community and state
- Communicate other values these programs address in the arena of mental health (school climate, attendance, PBIS, etc.)
- Participate in a support network of implementers who can encourage each other, troubleshoot together and share knowledge and resources as they implement their Kognito simulations within their individual schools or institutions
- Understand how Kognito complies with state-wide legislation (Jason Flatt Act)
- Support the overall mission of the Ohio Campaign for Hope
