

# Ohio Youth & Adult Speakers Bureau

## Ohio Suicide Prevention Foundation

Presentations are free & available to schools, clubs, youth events, faith based groups, agencies, companies, government & interested groups.

Topics include:

- Suicide Prevention
- Bullying Prevention
- Understanding Mental Illnesses

Presentations are tailored to meet your needs and last from 30 minutes to 1.5 hours.

The Ohio Youth & Adult Speakers Bureau is composed of trained volunteers who are passionate about saving lives in Ohio. They each have a special interactive presentation to share with youth and/or adult audiences. Their presentations are based on life changing events they have experienced and hope to spare others from experiencing. Each speaker provides the latest information on suicide or bullying prevention and what to do if someone is feeling suicidal or being bullied. Presentations conclude with the donation of a complete information packet to the host facility.
